The information on the map was derived from digital databases on the City of Portland, Bureau of Planning and Sustainability GIS. Care was taken in the creation of this data developed by PSU for Metro (1998).  The 25% slope or greater developed by FEMA (Oct. 2004).  Historic landslide areas developed by Bureau of Planning and Sustainability from LIDAR data (2004 - 2009).  Preliminary rapidly moving landslide areas developed by Oregon Dept. of Geology and Mineral Industries (released Sept. 2003).  Historic landslide data developed for Metro (1998).
