

## June / Pride Month Project

### Tri-Met Tickets & Socks for Outside In

**Sock collection in the Portland Building lobby.  
Bring Tri-Met tickets to the information desk.**

Of the estimated 1,500 to 2,000 homeless youth in Portland, the majority come from the greater metropolitan area and throughout Oregon. Youth end up on the street for multiple reasons: Family poverty, violence, mental and physical illness in their families, **sexual minority issues**, unemployment, domestic violence, and sexual abuse are just some of the contributing factors. Other youth simply find themselves abandoned by their parents.

**Homeless youth and young adults are forced to be independent on average a full decade before their housed peers.**

Outside In provides youth with the hope, confidence, and skills necessary to build stable lives, treating clients with respect and believing in them. They can and do turn their lives around.

**Help Outside In help these young adults during June.**

**Sock collection in the Portland Building lobby.  
Bring Tri-Met tickets to the information desk.**

No youth passes please; all other ticket zone/time types welcomed.
