Portland Multnomah Food Policy Council

The Food Policy Council is a citizen-based advisory council to the City of Portland and Multnomah County. The Council brings citizens and professionals together from the region to address issues regarding food access, land use planning issues, local food purchasing plans and many other policy initiatives in the current regional food system. The Food Policy Council has been in conversation with BPS since 2007 regarding the Portland Plan. Two Council committees, the Land Use Committee and Food Access Committee, provided input to the development of this document in 2008, while the Urban Food Initiative/Portland Plan Committee reviewed text in 2009.
